THIS AGREEMENT, made this day of A.D., 1950,
by and between I M D of -----, Suffolk County, Massachusetts,
Party of the First Part, and E J L of -----, Middlesex County,
and P L of Esses, Suffolk County, both in said Massachusetts,
Parties of the Second Part, WITNESSETH:--

Whereas the Party of the First Part is the owner of a gravel
pit off ----- street in said ---; and

Whereas the Parties of the Second Part are desirous of
obtaining the gravel for the purposes of their business; and

Whereas it is estimated that the gravel pit contains approxi-
mately fourteen acres and the price demanded by the Party of the
First part for the entire stock of gravel therein located is Five
Thousand Dollars; and

Whereas the Parties of the Second Part have not the where-
withal to pay that sum down in cash now, but are willing to pay
the purchase price set by the Party of the First Part on an acreage
basis based on the number of acres of gravel to be cleared off the
land,

The parties hereto do hereby agree to and with each other as
follows:--

The Parties of the Second Part shall pay at the rate of Three
Hundred and Fifty Dollars an acre for the gravel to be taken by them
from the gravel pit and are to take it in two acre installments, pay-
ing Seven Hundred Dollars down before taking any gravel from any new
two acre piece. Seven Hundred Dollars have been paid as a deposit
for this agreement and the Parties of the Second Part are to enter
upon the land right away and begin to remove gravel. The Parties
of the Second Part are to hire a surveyor agreeable to the Party
of the First Part to allocate the two acre pieces. After the survey
or has staked out two acres the Party of the Second Part shall go
ahead removing gravel. When the Party of the Second Part has nearly
completed the removal of gravel from the two acres they are working
upon they shall get the next two acre piece plotted and staked out and
five the Party of the First Part Seven Hundred Dollars down before
they begin to take any gravel from the next two acre piece. All
expense for the surveyor is to be borne by the Party of the Second
Part. This procedure will be followed throughout the removal of the
gravel from the entire lot of land as herein stipulated.

It is agreed that, in the event the Party of the Second Part
should discover that the contents of the knoll or hill herein agreed
upon does not contain usable gravel, or is made up of material that
cannot be used by the Party of the Second Part in their business,
then and in that case the Party of the Second Part shall notify the
Party of the First Part to that effect in writing and this agreement
shall be ended upon the receipt of that written notice. It is agreed
that such money as has been paid by the Party of the Second Part to
the Party of the First Part shall remain the property of the Party

of the First Part and no apportionment thereof or return of any part shall be made.

The ground from which the gravel has been removed shall be left at a level with ----- street, or approximately at the same level, in order to maintain the decency of the locality after the gravel has been removed therefrom.

It is also understood and agreed that no gravel shall be removed from that portion of the land adjoining W--- street to a depth of at least fifty-five feet yards from the street line.

It is also understood and agreed that, in the event the gravel should not be all removed during the year 1946 (provided the written notice hereinbefore mentioned has not been used) that the Party of the Second Part shall pay Seven Hundred Dollars each and every year thereafter until the full sum of Five Thousand Dollars has been paid to the Party of the First Part, whether any gravel is actually taken from the premises or not. This contract shall be in full force and effect for the period of seven years from this date unless the gravel has sooner been removed and the price paid as herein agreed, or, unless the written notice heretobefore stipulated has been given.

Entrance to the pit is to be made from W--- street, only, over the way now used into the pit from W--- street across that part of the landherein reserved by the Party of the First Part from which no gravel is to be taken. No entrance nor egress to or from the pit shall be made over any other land of the Party of the First Part, nor to be from the Newburyport Turnpike.

IN WITNESS WHEREOF the parties hereto and to another instrument of like tenor set their hands and seals the day and date first above written.

Dear Austin:

In accordance with our agreement made today when you called at the office, the Right of Way Division has reconsidered its appraisal of damages in connection with the taking made from the property of your Association in Woburn and finds that the offer to settle for the sum of \$800.00 is not unreasonable.

Enclosed you will find an Offer of Settlement in the amount of \$801.27, which includes the tax apportionment of \$1.27. If you will have it signed by the proper persons in the Association and returned to this office, it will then be processed for payment.

Harold:

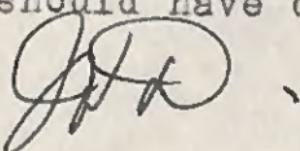

I got the letter of the DPW today on my first visit to the p.o. since Monday.

I understood that the Release, when executed, was to be sent to me and I would enclose the copy of the vote with it and send the two of them TOGETHER, so they would be together.

At the Sept meeting I learned from Austin that he had sent the Release on, so the next day, Sept 8th, I forwarded the copy of the vote direct to the Commissioner, Dept of Pub Wks, Comwlth of Mass, 100 Nashua st.

I had faint hopes that two documents sent separately would get together--although I sent with the vote a note saying this belonged with the Release mentioned in the vote.

I am sending you another original and a copy of the first original. Maybe you will send the original to Miss McMorrow, or hand it in to the proper party, Miss M or anyone. That is what I should have done.

MEMORANDUM.

The Tax Release will have to be acted upon and returned to the Department of Public Works, at our next monthly meeting.

Please note that this release covers Parcel No. 50 only. Parcel No. 51, which the Department of Public Works originally said did not belong to us, but which they subsequently acknowledged was ours, is not included in the release. This may be a technicality only, but if this goes through as written by the Department of Public Works, we still have not received settlement legally for Parcel No. 51.

In order to keep the record straight, I think the Directors should call this oversight to the attention of the Department of Public Works.

There is still a vacancy of one in our membership list; and the balance is approximately the same as last month.

Gentlemen:

In regards to the heating of your rifle range, I recommend that a furnace rated at 150,000 B.T.U's be installed outside the partitioned room on the first floor level and duct work be installed to deliver heat to desired areas.

It is to be understood that the building is now only a shell and any insulation of any description would be of definite aid.

It is my understanding that cost enters into the plan and with that in mind I offer to deliver a Turb-o-tube furnace complete with oil burner made by Metropac, capable of delivering 150,000 B. T. U.'s, all necessary controls, an oil tank, gauge, filters, copper tubing and all necessary valves. Also, to furnish the necessary duct work to heat the down stairs room, the shooting room above and to supply heat to the range area.

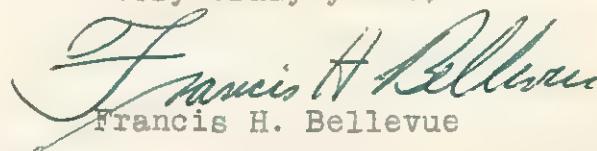

The cost of this material is Four hundred seventy five (\$475.00) dollars.

The labor and wiring is to be supplied by others.

A suggested layout of the duct work will be supplied.

Hoping this information may be of help to your heating plans,

RE: THE PROJECT.

The series of \$100 notes described in the Circular Letter of January 19, 1952 are now ready for issue; and a sum of \$1500 is needed to start the work outlined in that letter.

Checks should be made payable to the Massachusetts Title Association, and sent to the Treasurer, Harold V. Morrill, 378 FAIRFIELD street, Newtonville 61, Mass.

If the three-year series of notes is over-subscribed, later subscriptions will go into the next series.

A work program has been adopted, committees to handle the projects have been appointed, and the work is ready to proceed as soon as funds are available.

J. J. Brumfoyle
Secretary.

June 16, 1938.

Woburn National Bank,
355 Main street,
Woburn.

Gentlemen:

At the request of Mr. H. W. Morrill, Treasurer of the Association, I send you herewith an extract from the meeting of the Directors on Sunday last, at the range:-

"June 5, 1938.

"A special meeting of the Directors was called to order at 4:10 p.m., by President Lambert.

Present: A. P. Lambert, H. W. Morrill, Dr. J. P. Bill, H. W. Filson, O. E. Corrish, G. G. Gillard, H. M. Kidder, F. E. Whipple, J. P. Drumgoole, being a majority of the Directors.

- - - - -

"On motion of Dr. J. P. Bill, duly seconded by F. E. Whipple, it was voted that a committee be appointed to approach the bank that holds the mortgage on the property, the Woburn National Bank, with the idea of increasing the mortgage to the point of covering the expense of putting electricity into the clubhouse and the range-keeper's dwelling house, according to Mr. G. F. Dingley's specifications.

The Chair appointed Messrs. H. W. Morrill, Treasurer, Gordon G. Gillard, and G. F. Dingley, as such committee.

The above is certified to be a true extract from the minutes of the meeting of the Directors.

Yours very truly,

Jas. P. Drumgoole.
Secretary.

Re: Mass. Rifle Association

Dear Mr. Thompson:

I was wondering if you had approached the members of the Association with reference to the tentative proposal I made to you several weeks ago. As you will recall, I have a client who would be willing to pay up to \$200 an acre for up to five acres of this land if all the details can be worked out.

Very truly yours,

Dear Mr. Thompson:

Referring to our telephone conversation today regarding the property of the Rifle Association located between Salem Street and Route #128, Woburn which I understand contains about fifty-three acres, we have some people who we think might be interested in this property in its entirety.

In line with our conversation we will appreciate it if you will develop and let us know whether the property is for sale and if so, what price the association wants for it.

Very truly yours,

Frank A. Mason

At a special Meeting of the membership of the MASSACHUSETTS RIFLE ASSOCIATION held this date, Monday, November 5, 1956, at the Association's range at 290 Salem street, Woburn, Massachusetts, due notice of which meeting having been given in writing to all members at least six (6) days prior to the meeting, thirty-seven (37) members being present, being a quorum, after discussion, upon motion duly made and seconded, it was voted:

That a Committee consisting of our attorney and three members of the Board of Directors be appointed by the Chair, Austin McHugh, with full powers to decide whether to sell and how much to sell of gravel existing on the club's property, as set forth on Top. Plan by Seaver, Eng. according to the terms of contract dated

with Akeson, and that said McHugh be authorized to sign said contract on behalf of the club; and that the Committee be empowered to act as soon as possible.

Gentlemen:

We have entered into an agreement to purchase land abutting your property which is owned by Mr. John Murray. It is our understanding that Mr. Murray had been negotiating with you to purchase a strip of land to be used as a roadway - connecting the end of Hogans Road which runs from Washington Street to this strip owned by your association.

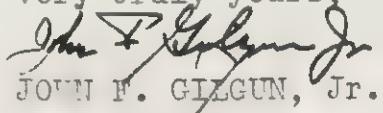

It would then be my clients hope to continue the road to the end of his land.

We would guarantee to put in a first class road giving your organization the rights of way the entire length of the road. I am sure you can see this will be most advantageous.

Also, it is understood that the leveling of the land and the problem of drainage will be taken care of by us.

I would be very happy to meet with you gentlemen at your convenience and answer any questions.

Mr. Harold W. Morrill

Dear Mr. Morrill:

After looking at the property in Woburn I thought you might like to have something in writing.

It is quite definitely my opinion that this is a gravel proposition and that with the new Route 128 going through and requiring gravel for fill it would seem that this is the opportune time to sell the property. The price which could be obtained for the sale of this land would naturally be dependent on the ability of the new owner to sell the gravel, particularly for use on the new roadway. Therefore it seems it would be more of a proposition to find a proposed purchaser who would be willing to pay the maximum amount.

Under the circumstances it would seem that there is no way of arriving at a price. There are numerous contractors who probably would be willing to buy this property, but it would be well to place the sale in someone's hands whose duty it would then be to contact all interested prospects and obtain the best possible price. I can see where confusion might arise if this thing were not headed up properly.

The Boston Sand & Gravel is to look at the property, and you will hear from me just as soon as I am able to obtain their opinion.

Best regards.

Mr. Harold Morrill,
378 Walnut Street,
Newtonville, Mass.

Dear Sir:

The Woburn National Bank has referred to me for examination of title and drawing papers, your application for a mortgage from the Massachusetts Rifle Association. You do not need to send me any title reference as of course I have it from the previous mortgage. I understand, however, that the Bank wishes monthly payments to be made on the mortgage and that they are uncertain as to just what payments you wish to make. Will you please let me have this information before I prepare the papers?

Yours very truly,

RJ/BB

At a meeting of the Directors of the Massachusetts
Rifle Association duly called and held on _____
a quorum being present, it was

VOTED that the Treasurer HAROLD B.MORRILL
be authorized in the name and behalf of the
corporation, to borrow the sum of Eight
Hundred Dollars (\$800.) from the Woburn
National Bank, and to give as security
therefor the note of the corporation secured
by a mortgage of the real estate of the
corporation situated off Salem Street, Woburn,
Massachusetts, said note to bear interest at
the rate of $5\frac{1}{2}$ % per annum.

A true copy,

Attest:-

Secretary

October 21, 1943.

Mr. Robert Johnson,
c/o Messrs. Johnson & Johnson,
7 Winn street,
Woburn, Mass.

Dear Sir:

Referring to your letter of October 5th
to Mr. Galligan, in reference to the proposed mortgage
from the Association to the Woburn National Bank,-
The Directors have decided to raise the required sum
among the members of the Association; therefore the
loan from the bank will not be needed.

Yours very truly,

J.P.Drumgoole.

Dear Dr.

Aug 10, 1943

Yesterday I received the enclosed papers from our good friend the Brewster. I am somewhat at a loss to know why so I am sending them on to you.

I hope that it will not delay you forward with the work for the sooner the better and I do not understand why he failed to at least sign the application before he left.

I would like to see you get the Club house painted & you can count on me to paint along with anyone else who

will help. The materials will cost
just so much & it may be well, if
necessary to borrow enough to include
the cost of paint & other necessary
equipment.

We are thoroughly enjoy Vermont
and vacation time will come all too
soon to an end.

Give my best regards to everyone.

Sincerely
George E.

August 5

Dear George

Inclosed is application for loan sent me by the Woburn National Bank. While the term is stated as ~~one year~~ ^{ten years} I believe there will be no trouble in renewal provided we pay off at least \$120 per year. I also inclose Moore Construction letter of July 22 addressed to J. F. Galligan.

Am leaving for Chesterfield this week and will return the latter part of August

Yours truly
Harold Morrill
